CROCODILE'S CROSSING

A Search for Home

Crocodile was on his way.
He was tired. Scared. Hopeful.
*Everything will be better
where I'm going!* he thought.
But where is that?

Crocodile once had a home that he loved.
He had a cozy bed and good food.
He had friends. He had a family.
He was safe and happy.

But then the trouble started.
Home wasn't safe anymore.
There wasn't enough food.
Everything grew worse and worse.
